LIKE WOOD

Authentic wood Look
Maintenance-Free Structure
Aluminum!

GoldWood captures the beauty of real wood while offering the strength and durability of metal. It will not decay, requires no painting or upkeep, and retains its natural charm for years.

Each product is finished with a high-quality Italian wood-effect film, delivering a stunningly realistic and lasting finish.

5

*Floor decking, sun breakers, cushions, and accessories are optional.

Manual or Motorized

Your Choice Your Comfort

Operate your pergola manually, or enjoy the convenience of a motorized system with remote control.

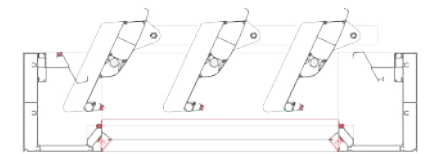

You can also upgrade to the motorized system at any time, giving you flexibility, ease, and effortless comfort.

CLOSED Position

*Decking, furniture, and cushions are optional.

Modern Design Bold Elegant *and* STYLISH

Your pergola reflects your style. With its broad, sturdy profiles, **GoldWood** creates a striking, modern statement that embodies elegance and sophistication.

Each detail is carefully designed to showcase quality and craftsmanship, conveying a sense of luxury and lasting refinement.

GoldWood embodies every quality you expect in a pergola, timeless, strong, and unmistakably refined.

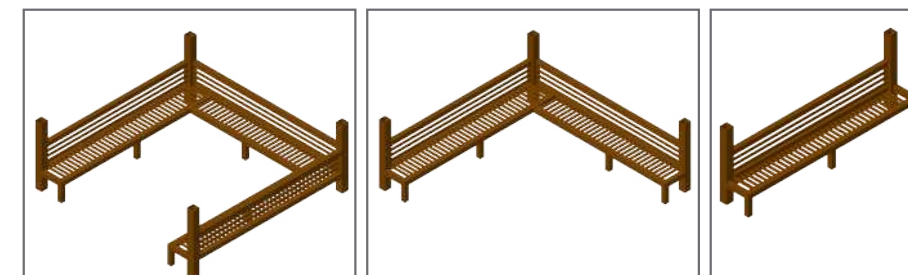

* Seating set available as an option.

Enhanced Comfort Increased Seating Space

GoldWood offers optional seating benches crafted from the same high-quality aluminum as the pergola, ensuring a seamless and elegant fit.

These benches expand your seating area, creating a comfortable, inviting space perfect for gatherings with family and friends. You can add them at any time and choose the side placement that best suits your layout, giving you total flexibility and effortless convenience.

12

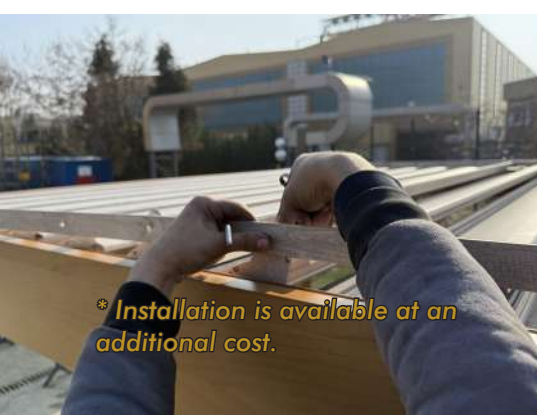

Effortless Installation

Your pergola arrives pre-assembled, making installation quick and easy. With just three people and a drill, assembly takes approximately three hours.

No special skills are required; just tighten the included screws, and your pergola is ready to enjoy. This simple process saves time and eliminates the need for professional help, so you can start relaxing in your new space right away.

13

* Installation is available at an additional cost.

*Decking, furniture, and cushions are optional.

Design Combine Expand

GoldWood comes in six standard sizes, but you are never limited to them. Custom solutions are also available for larger spaces.

Thanks to its modular design, you can expand your pergola by combining multiple units, giving you complete flexibility to suit any garden or commercial setting.

For detailed guidance and project-specific solutions, our sales consultants are ready to assist you.

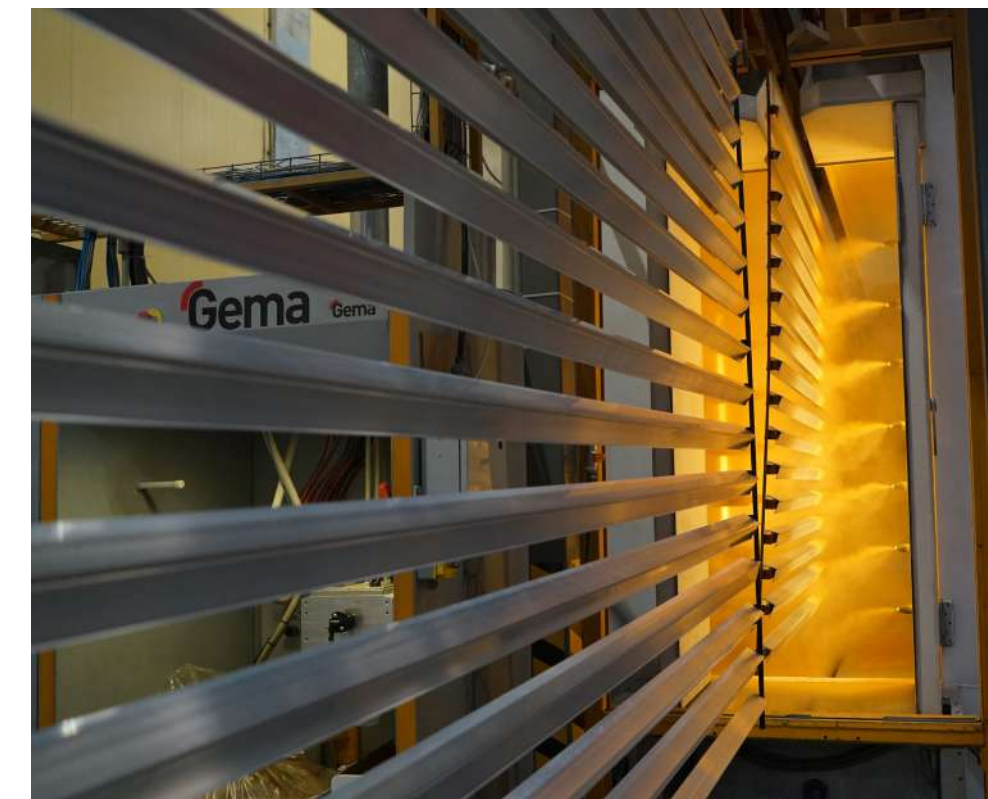

Long-lasting Protection

AAMA 2604 Super Durable Sublamation Base Coatings

GoldWood is coated with a unique AAMA 2604 (Class 2) electrostatic primer at the Alcas Surface Treatment Facility, our in-house, state-of-the-art painting line.

This premium primer is applied using premium Akzo Nobel and Jotun coatings, fully compliant with Qualicoat standards, providing a flawless base for the wood profiles.

Backed by a 10-year warranty, the coating ensures enduring protection against sunlight, rain, snow, and wind, keeping your pergola looking beautiful for years.

Wood Grain Effect Color Chart

PLEASE NOTE: Do not use the color representations on your monitor or any print out for final selection. Actual color and texture selection should be made from a sample produced by the applicator using the same tools, techniques and materials proposed for the actual project.

Wood Grain Effect Colors

GoldWood profiles are finished with a high-quality wood-effect film applied over the durable AAMA 2604 (Class 2) base coating at our in-house Alcas Surface Treatment Facility.

Using premium Italian-made film rolls engineered to withstand all climate conditions, this process ensures lasting beauty and durability, backed by a 10-year warranty.

10-Year Product and Parts Warranty

Your **GoldWood** pergola comes with a 10-year warranty, covering material and manufacturing defects to ensure safe and lasting use. Replacement parts are provided for any production-related issues during the warranty period.

Built to resist rot, rust, and deformation, **GoldWood** combines durable aluminum profiles with wood-effect cladding that withstands sunlight and all weather conditions.

Thermal Insulated Slats

The pergola's ceiling panels are fitted with $34 \text{ kg/m}^3 \approx 2.12 \text{ lb/ft}^3$ EPS boards, providing insulation against heat and cold while preventing rattling during rain.

This high-density material also minimizes heat transfer, keeping your space comfortable even in high temperatures.

Superior Weather Resistance

GoldWood features specially engineered, robust profiles designed to withstand strong winds, heavy snow loads, and harsh weather conditions.

Wind Resistance: 80–105 mph
($\approx 128\text{--}169 \text{ km/h}$)
Snow Load Capacity: 25 psf
($\approx 122 \text{ kg/m}^2$)

Responsible Production Nature-Aligned

GoldWood is crafted using recyclable aluminum and eco-friendly production methods. Unlike traditional wooden pergolas, it avoids chemical paints and varnishes, offering a more environmentally responsible solution without compromising on style or durability.

**Floor decking, sun breakers, cushions, and accessories are optional.*

Brighten Your **Night** LED Lighting

GoldWood's LED lighting system offers three color options, combining style and practicality.

Enjoy reading under soft illumination or create the perfect atmosphere for evening meals and gatherings. The lighting transforms your pergola into a cozy and inviting space after sunset.

**Floor decking, sun breakers, cushions, and accessories are optional.*

Robust

27

Waterproof Roof

GoldWood's rainproof roof system keeps you protected in all weather conditions.

When closed, it prevents rainwater from entering, while the insulated panels provide heat and sound protection, keeping your pergola cool in summer and quiet during rainfall.

Solid, Durable Construction

Built with robust profiles ranging from 2 mm to 4 mm thickness, **GoldWood** can withstand heavy snow loads, strong winds, and extreme weather, ensuring maximum safety and lasting durability.

Custom Design Options

GoldWood is available in six standard sizes, with a range of wood-effect finishes and color options to suit your space.

For unique projects, our engineering and design team can create tailored specifications to bring your vision to life.

Complete Product Family

Your **GoldWood** pergola comes with pre-assembled feet, a slatted roof with a rotation mechanism, functional LED lighting, and rainwater beams. Additional accessories such as floor decking, curtains, cushions, detachable chairs or sets, heaters, speakers, fans, smart sensors, and blinds can be added anytime.

By combining AluGarden family products, including mosquito nets, zip curtains, and sliding glass systems, you can transform your pergola into a luxurious, fully protected outdoor space.

Car Park

Practical + Protective

If your parking space is limited or your vehicle is exposed to sun, cold, snow, or storms, **GoldWood** provides an affordable, ready-to-use car park solution.

Unlike traditional construction projects, it can be purchased and installed immediately, saving time, cost, and hassle.
